

A FEW TIPS TO ENHANCE YOUR BUSINESS

Each morning, dust your shop-front and sweep the footpath directly in front of your door!

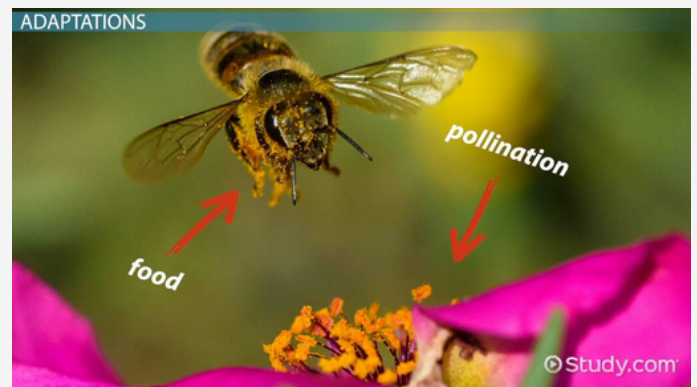

This makes your premises inviting to passing customers!

Add native pollinator plants to baskets, planters or in your shop window if possible!

WHO ARE OUR POLLINATORS?

Bees, hoverflies & moths can carry pollen from the male part of the flower (stamen) to the female part of the same or another flower (stigma). This movement of pollen must occur for the plant to become fertilised and produce fruits, seeds and young plants!

**GET INVOLVED IN YOUR LOCAL
BUSINESS COMMUNITY**

BE PROUD OF YOUR BUSINESS

**PLAY A POSITIVE ROLE IN
COMBATING CLIMATE CHANGE**
